

DRUM GUIDE (ELECTRIC WINDING TYPE)

Model No. : CW730

This DRUM GUIDE is a equipment to assist winding and unwinding of the conductor by lift up the conductor drum when stringing works for overhead conductors and the stand will be placed or rear of tensioner.

**LAY - OUT****SPECIFICATION**

1. Max. capacity : 6,000 kg
2. Drum shaft dia. : $\Phi 90$ mm
3. Brake force : 154 kgf (At Max. winding - $\Phi 2.6$ m)
4. Brake type : Hydraulic
5. Motor : 3 HP Electric motor
6. Weight : 320 kg
